

Hi Jessica

It has been a challenging start to the year for our industry and we want to thank everyone for their ongoing support of our team and Hong Kong. We would like to keep you informed with a few updates below.

Hong Kong SAR Government remains vigilant and has implemented a host of disease prevention and control measures with an aim to lower the chance of the disease being imported into Hong Kong and spreading in the community. These include but are not limited to:

- Mandatory quarantine for arrivals to Hong Kong from Mainland China, and recently added restrictions for arrivals from South Korea
- Reduction or suspension to aviation, railway and ferry services and land-based crossing points from Hong Kong to Mainland
- A number of attractions are temporarily closed and some events/performances have been cancelled or postponed

At present, tourism-related businesses including the airport, hotels, public transport, F&B and retail establishments are still operating and welcome visitors.

We ask that all visitors and trade check our website [discoverhongkong.com/au](https://discoverhongkong.com/au) for the latest information and assistance.

Best wishes,

The HKTB Team

## Travel tips for visiting HK
