

Dear Jessica,

This week we celebrate encouraging signs that there is light at the end of the coronavirus pandemic tunnel in Australia and we have taken a small step in the right direction toward the new norm. One thing we know the pandemic has not changed is Australian's sense of adventure so whether you or your clients are waiting to go home or just go anywhere, hang in there, we're getting closer every day.

We appreciate that trip-planning during this time is definitely more challenging than usual but we want to keep you up to date with the latest Hong Kong happenings so you can hit the ground running when the time is right. This month we launch our latest Travel Trade Manual, chat with industry expert, Randall Lui and wash it all down with a stiff drink!

Stay safe,
The HKTB Team
